

27th February 2020

Dear Valued Customer,

Price Adjustment Notification Effective Friday 1st May 2020

CABAC wish to provide 60 days' notice of a price adjustment effective from **Friday 1st May 2020**.

Products across our range will be adjusted with an average increase of 6%.

New price files will be made available no later than **31st March 2020** allowing a minimum 30 days' notice to upload to your systems and address any queries that you may have in relation to the new pricing.

The new Master Data Product and Price files will also include our recently announced acquisition of Bardic Emergency Systems.

As the newly appointed Authorised Distributor of Emerson's Appleton range of hazardous area products in Australia we will also add pricing for these products, for the first time into the market.

For those of you who use our online user App for product information and pricing, the new pricing will also be updated to coincide with the above dates.

Should you have any questions on our pending price adjustment please don't hesitate to contact myself or your local **CABAC** Account Manager.

Assuring you of our best attention at all times and we thank you for your continued support.

Yours Sincerely

Ben Mills
General Manager
Australia & New Zealand
